Fellowships

FELLOWSHIPS: A fellowship is a valuable way of gaining professional experience upon completion of a graduate, and in some cases, an undergraduate degree. Most fellowships are short-term, usually a few months to a year or two, and are in the non-profit sector. Some fields may include public policy, health and public service, media, teaching, and research. Fellows are awarded a stipend and the experience is a way for recent graduates to begin their professional development.

- **Nationally Coveted College Scholarships**, Graduate Fellowships & Postdoctoral Awards - Highly competitive and prestigious undergraduate college scholarships, graduate fellowships, education grants, summer jobs & research internships, awards for high school seniors & students, women, minorities, Hispanics, African Americans, nurses, engineers, teachers studying math, science & engineering and health professions from national & international foundations.
