

# CAREER HELP FOR THE SUMMER

**Did you just graduate and don't have a job yet, or a plan for graduate school?**

**The UD Career Center has several tips that can help.**

**TIP 1.** The UD Career Center is open throughout the summer from 8-5, Monday through Friday. Career Consultants can meet with you to discuss your options. Schedule an appointment on-line using the appointment scheduler. [www.udel.edu/CSC](http://www.udel.edu/CSC)

**TIP 2.** Don't know where to look for jobs? How about Blue Hen Jobs? This UD Career Center web database receives new jobs every day from employers wanting to hire UD grads. All UD students have access to the database and grads will have access until Dec 31, 2009. After that you can re-activate for six more months for just \$25.

Go to: [www.udel.edu/CSC](http://www.udel.edu/CSC) and click on "Students" under the Blue Hen

**TIP 3.** Not going to be on-campus? ... you can send your questions to [udcareers@udel.edu](mailto:udcareers@udel.edu) and a Career Consultant will answer them for you.

**TIP 4.** Want to sharpen your job seeking skills. The UD Career Center offers workshops throughout the summer. The schedule is on-line at [www.udel.edu/CSC](http://www.udel.edu/CSC). Most workshops have also been web-streamed so you can view them anytime, 24/7. Topics include resume writing, interviewing, job offer advice, transitional jobs, and many others.

**TIP 5.** Did you know there are web sites that cater to new grads? Don't rely on online sites like CareerBuilder or Hot Jobs. Check out sites that have entry level professional positions with your level of experience. A list of the best sites is on the UD Career Center's web page, [www.udel.edu/CSC/jobnet.html](http://www.udel.edu/CSC/jobnet.html).

**Have a wonderful summer!**
