Collective bargaining will soon begin at the University of Delaware. The AAUP is the agent for the bargaining. The AAUP leadership recently sent you a questionnaire about potential bargaining issues, but they did not ask about certain issues the AAUP has advocated in past bargaining sessions. In particular, they did not survey faculty opinion about racial and sexual preferences, or spousal benefits for homosexual (but not heterosexual) partners. The following questions, except for the one on spousal benefits for homosexuals, were asked by the Roper Organization for the National Association of Scholars ([www.nas.org/roper/textsum.htm](http://www.nas.org/roper/textsum.htm)).

Please return the enclosed questionnaire **by December 15** to:

DAS  
c/o School of Education

Please note that there are questions on **both sides** of the form.

Individual replies will be held in confidence, and only aggregate information will be reported. Thank you for your participation.
