

Study Guide - Recommended Questions

It is recommend that you try to do as many of these problems as you can. The answers are in the book, but you will obviously benefit more if you do them on your own without looking. They are precisely the kind of practice that you need to do, both to do well on the quizzes and exams and to cement your understanding of the material. You should do them on a regular basis, but do note that questions are included that cover the entire chapter.

Chapter	True/False	Multiple Choice	Discussion Q & P
2	All. Choose two that are false (and have no explanation) and explain why	All - show work for 17-20	1,3,5,6,10
3	1-13. Choose two that are false (and have no explanation) and explain why	1-5,7-14	1,6,
4	1-8,10-12	1-12,16,17, 21	1,4, 8,13,18
5		1-4,7,8,11	
6	All	1-13	1-6
7	1-8	3-14	1,2,4
8	1,3-12,14	1-22	3-5,16-17
9		1,3-5,17-18	13-14
10	all	1-16	1,2,12
11	1-7	1-12	2,6
12	1-4,6-7,11	1-9	
13		2-8	
15		1-4,11	1,2
19	1-5,7	1-6,8-12	3
