

Bio

Amardeep Dhanju is an ocean policy analyst in the Environmental Studies Program at the Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE). He is coordinating the National Ocean Policy initiative with a focus on Coastal and Marine Spatial Planning (CMSP) within the Bureau and across the Department of Interior. Amardeep is also engaged with offshore energy regulation at the Bureau.

Amardeep graduated with a Ph.D. from the Marine Policy program in 2010. His dissertation focused on policy and regulatory issues related to offshore wind power. He was a Knauss Sea Grant fellow at BOEMRE before joining the Bureau as contract staff in early 2011.
