

Curriculum Vitae

Personal

First Name: Li-Wei

Last Name: Chou

Gender: Male

Born: 03/04/1975 in Taipei, Taiwan

Current Research

Using a mathematical model of fatigue to predict optimal electrical stimulation trains for repetitive human muscle activation.

Education

Graduate Institute of Sports Science, National College of Physical Education & Sports, Taiwan, Sep 1997 - Jun 1999.

Degree: Master of Science in Sports Science, June 1999.

Research topic: The effects of elastic energy and myoelectrical potentiation on Soleus muscle stretch-shortening cycle.

Institute of Physical Therapy, National Yang-Ming University, Taiwan, Sep 1993 - Jun 1997.

Degree: Bachelor of Science in Physical Therapyp, June 1997.
