

WRITING FELLOWS
 Anthropology 390
 Spring 2006

Below are the writing fellow assignments. Students are required to meet with their writing fellows twice, once for their poster and again for their research project. Each meeting is worth 5 pts. For 5 pts extra credit, students may schedule a second meeting on their research project.

Students should make their appointments with their fellows at least a week in advance. Their hours of availability are listed below. Prior to the meeting, students should let their fellows know what kind of help they want to get during the meeting (e.g., brainstorming, organization, final polishing) and should also send a copy via email attachment of any text that is to be discussed.
