

Disabilities Studies minor – Social Systems Electives

Students in the Disabilities Studies minor must complete three elective courses. One of these courses must be in Social Systems.

Social Systems – includes the study of organizations, policies, laws, and regulations that represents the social and community systems’ response to the needs of persons with disabilities, their families, or other special populations (e.g. elderly, low income, medically fragile, or at risk.) The selected course should focus upon broad social/public policy issues, professional responsibility, and ethical concerns (e.g. employment, education, health and medical care, housing, recreation and leisure, social welfare, transportation.)

Check the [UD course descriptions](#) or the sponsoring department for details about pre-requisites or other restrictions.
