

CHEM 322: Organic Chemistry
Dr. Geoffrey Sametz
Spring 2010

Location/Time: BRL-101, T Th
Section 010: MWF 11:15-12:05pm
Section 011: TTh 2:00-3:15am

Office Hours: 171 BRL
MW 10:00-11:00 am
TTh 12:45-1:45 pm

Email/Website: sametz@udel.edu; www.udel.edu/chem/sametz

Textbooks: *Organic Chemistry, 3rd ed.* (Maitland Jones, Jr.)
CHEM 321/322 Laboratory Manual

Recommended Molecular Models: Darling models™ (www.darlingmodels.com)

Scheduling Problems and lists of tutors: If you have any problems regarding scheduling of lab sections or wish to see a department approved list of tutors, please see Linda Staib in the chemistry office (phone 831-2465 email: lstaib@udel.edu)

Examinations and Grading:

Three 1-hour exams:	300 points
Final:	150 points
Lab:	<u>100 points</u>
Total:	550 points

Regrade requests must be submitted **within one week** from the date they are returned. Include a detailed written explanation of the suspected problem.

No makeup exams will be given. However, **the lowest of the three midterm grades for each student will be dropped.** In other words, each of the two best midterms count as 150 points each. Should you miss an exam and *obtain a excused absence signed by the Dean of Students*, your grade will be prorated, and based on the remaining examinations. All other non-excused absences from exams will be assigned the grade of zero. In other words, you are responsible for documenting reasons for your absences and petitioning the Dean's Office. You must take the final exam to receive a completed grade for the course.

Your grade will be based on the earned percentage out of the total possible points from exams+final+lab (550). A curve will be applied to the final grades, and a plus/minus grading scale will be used.

Review/recitation sections: *Times and Locations to be announced.*
