University of Delaware Position Announcement

Corn Breeding Research Assistant

Wisser Laboratory of Plant Breeding & Genetics: https://sites.udel.edu/wisserlab/

Position Description: Effective immediately, the Genetics and Breeding Laboratory of Dr. Randall Wisser is seeking a motivated, well-organized, dependable individual to assist with corn breeding research. Primary duties will include data collection, harvesting, shelling corn seed, seed stock inventory, and preparation of seed for winter nursery planting.

Requirements: High school diploma, demonstrated ability to work independently and in teams, proficiency in Microsoft Excel.

Wages: $15.00 per hour.

Term: This is a part-time, non-benefited position for a period of four to six months. The number of hourly and weekly hours may vary depending on operational needs.

To apply: Submit a letter of interest, resume and contact information with three references to Vicki Paisley at vpaisley@udel.edu

Employment offers will be conditioned upon successful completion of a criminal background check. A conviction will not necessarily exclude you from employment.

The University of Delaware is an Equal Opportunity Employer which encourages applications from Minority Group Members and Women. The University’s Notice of Non-Discrimination can be found at http://www.udel.edu/aboutus/legalnotices.html
