

INVITATION TO BID

PROJECT: FREAS-0323-RFP-2024 – CUP Cooling Tower Replacement
202 Academy Street, Newark, DE 19716

PRE-BID MEETING: Wednesday, February 28, 2024

PRE-BID TIME: 10:00 AM ET

PRE-BID LOCATION: University of Delaware
202 Academy Street, Newark, DE 19716

DESCRIPTION: Furnish all necessary labor, materials, tools, supplies, equipment, accessories and supervision as required to complete the work as described in the project documents. Detailed project scope includes the removal and replacement of (4) cooling towers, (4) vertical turbine condenser water pumps and associated condenser water supply and return piping, and a 750 kW emergency generator. The removal and replacement of the existing roof membrane and installation of new steel framing to support a new roof sump is also required as part of this project.

***NOTE:** This will be a Corresponding Wage Project.

SPECIFICATION/DRAWINGS: Specifications and drawings will be provided electronically.
