

Mars & Venus: The Stuff of Tragedy and Comedy?

A bit of help for paper 2

Mars & Venus

Different evolutionary adaptations

Recipe for Good Paper 2

Ingredients

- At least 2 missteps or misunderstandings when men and women interact as potential mates (play the mating game). *Pick fairly specific ones, not fuzzy globs*
- 1 or more evolutionary adaptations that may explain why those missteps are so common (why the rules of the game seem so grey and ambiguous). *Check your text to determine which adaptations would fit best with the missteps you included*
- 1 or more pieces of advice to anticipate, prevent, reduce, overcome, or otherwise deal with these specific missteps and miscommunications. *Pick advice that is suitable for the missteps you chose and workable in light of the adaptations you think give rise to them*

Equipment required

- Judgment
- Knowledge

Layer ingredients in most effective order.

Let mixture sit for 2-24 hours, then adjust as necessary to assure consistency, coherence, and taste.
