

Department of Environmental Health & Safety

Safety Educational Requirements and Recommendations

	Response	Educational Requirement	Frequency
 General Safety			
Are you a new Graduate Student in a Laboratory Science?	No	<u>New Graduate Student Orientation- Non-Lab</u>	Initial
	Yes	<u>New Graduate Student Orientation- Lab</u>	Initial
Do you enter or work in Confined Spaces?	Yes	<u>Confined Space Entry Training</u>	Annual
Will you be using Respiratory Protection?	Yes	<u>Respirator Training</u>	Annual
Will you be operating a Forklift?	Yes	<u>Fork Lift Training</u>	Initial and Refresher (every 3 yrs)
Will you generate a hazardous or regulated waste?	Yes	<u>Chemical/Hazardous Waste Disposal Training</u>	Annual
Is there an AED in your building or do you want to learn CPR?	Yes	Heartsaver AED/CPR Training Healthcare Provided CPR Training	Biannual
 Chemical Safety			
Will you be working in a Lab? Addition Guidance available at: http://www.udel.edu/OHS/chptrain/lab/safetytrainguide.pdf	No	<u>Right-to-Know - Basic Training</u>	Annual
	Yes	<u>Right-to-Know Training</u> <u>Chemical Hygiene Plan Training</u> <u>Chemical/Hazardous Waste Disposal Training</u>	Annual Annual Annual
Will you be working with Hydrofluoric Acid?	Yes	<u>Hydrofluoric Acid Safety Training</u>	Annual
Will you be Transporting or Shipping Dry Ice?	Yes	<u>DOT Dry Ice Shipping Training</u>	Biannual
Will you be working with Compressed Gasses?	Yes	<u>Compressed Gas Safety Training</u>	Initial
Using a Fume Hood or Other Laboratory Ventilation?	Yes	Laboratory Ventilation Safety Training	Initial
Work with Corrosive Materials?	Yes	Corrosive Materials Safety Training	Initial
Working with Highly Toxic or Carcinogenic Materials?	Yes	Highly Toxic Materials Safety Training	Initial
Working with Reactive Materials?	Yes	Reactive Materials Safety Training	Initial
 Biological Safety			
Will you be working with Biological Materials?	Yes	<u>Biosafety Training</u>	Initial
Will you be working with Human Samples or Cell Lines?	Yes	<u>Bloodborne Pathogens Training</u>	Annual
 Radiation Safety			
Will you be working with Radioactive Materials?	Yes	<u>Radioactive Material Safety Training</u>	Annual
Will you be working with Lasers?	Yes	<u>Laser Safety Training</u>	Initial
Will you be working with X-ray Producing Devices?	Yes	<u>X-ray Safety Training</u>	Initial

Bold Red Text Indicates Required Education that must be completed prior to using the materials, working in a laboratory or using a piece of equipment.

These and other educational sessions are available through the Department of Occupational Health & Safety (DOHS). The schedule is available at <http://www.udel.edu/ehs/ohstrainsched99.html>. Hyperlinked/Underlined classes are also offered through the EHS Online Training Program and can be found at <http://ehs.facil.udel.edu:1569/>.

Safety education can also be scheduled for your department or group by contacting DOHS.
