## Safety Educational Requirements and Recommendations

	Response	Educational Requirement	Frequency
 <b>General Safety</b>			
Are you a new Graduate Student in a Laboratory Science?	No	<b><u>New Graduate Student Orientation- Non-Lab</u></b>	<b>Initial</b>
	Yes	<b><u>New Graduate Student Orientation- Lab</u></b>	<b>Initial</b>
Do you enter or work in Confined Spaces?	Yes	<b><u>Confined Space Entry Training</u></b>	<b>Annual</b>
Will you be using Respiratory Protection?	Yes	<b><u>Respirator Training</u></b>	<b>Annual</b>
Will you be operating a Forklift?	Yes	<b><u>Fork Lift Training</u></b>	<b>Initial and Refresher (every 3 yrs)</b>
Will you generate a hazardous or regulated waste?	Yes	<b><u>Chemical/Hazardous Waste Disposal Training</u></b>	<b>Annual</b>
Is there an AED in your building or do you want to learn CPR?	Yes	Heartsaver AED/CPR Training Healthcare Provided CPR Training	<b>Biannual</b>
 <b>Chemical Safety</b>			
Will you be working in a Lab? Addition Guidance available at: <a href="http://www.udel.edu/EHS/chptrain/lab/safetytrainguide.pdf">http://www.udel.edu/EHS/chptrain/lab/safetytrainguide.pdf</a>	No	<b><u>Right-to-Know - Basic Training</u></b>	<b>Annual</b>
	Yes	<b><u>Right-to-Know Training</u></b> <b><u>Chemical Hygiene Plan Training</u></b> <b><u>Chemical/Hazardous Waste Disposal Training</u></b>	<b>Annual</b> <b>Annual</b> <b>Annual</b>
Will you be working with Hydrofluoric Acid?	Yes	<b><u>Hydrofluoric Acid Safety Training</u></b>	<b>Annual</b>
Will you be Transporting or Shipping Dry Ice?	Yes	<b><u>DOT Dry Ice Shipping Training</u></b>	<b>Biannual</b>
Will you be working with Compressed Gasses?	Yes	<b><u>Compressed Gas Safety Training</u></b>	<b>Initial</b>
Using a Fume Hood or Other Laboratory Ventilation?	Yes	Laboratory Ventilation Safety Training	<b>Initial</b>
Work with Corrosive Materials?	Yes	Corrosive Materials Safety Training	<b>Initial</b>
Working with Highly Toxic or Carcinogenic Materials?	Yes	Highly Toxic Materials Safety Training	<b>Initial</b>
Working with Reactive Materials?	Yes	Reactive Materials Safety Training	<b>Initial</b>
 <b>Biological Safety</b>			
Will you be working with Biological Materials?	Yes	<b><u>Biosafety Training</u></b>	<b>Initial</b>
Will you be working with Human Samples or Cell Lines?	Yes	<b><u>Bloodborne Pathogens Training</u></b>	<b>Annual</b>
 <b>Radiation Safety</b>			
Will you be working with Radioactive Materials?	Yes	<b><u>Radioactive Material Safety Training</u></b>	<b>Annual</b>
Will you be working with Lasers?	Yes	<b><u>Laser Safety Training</u></b>	<b>Initial</b>
Will you be working with X-ray Producing Devices?	Yes	<b><u>X-ray Safety Training</u></b>	<b>Initial</b>

**Bold Red Text Indicates Required Education** that must be completed prior to using the materials, working in a laboratory or using a piece of equipment.

These and other educational sessions are available through the Department of Environmental Health & Safety (DEHS). The schedules is available at <http://webapps.css.udel.edu/calendar>. Hyperlinked/Underlined classes are also offered through the EHS Online Training Program and can be found at <http://ehs.facil.udel.edu:1569/>.

Safety education can also be scheduled for your department or group by contacting DEHS.
