UNIVERSITY OF DELAWARE
DEPARTMENT OF ENVIRONMENTAL HEALTH & SAFETY
LABORATORY SAFETY CERTIFICATION FORM

Use this form to document the Initial or Annual Right-To-Know, Chemical Hygiene and Laboratory Safety Training as appropriate.

This form is designed for use in teaching laboratories and laboratory science courses.

Department:		Date of Training:	
Course Number:		Instructor/Teaching Assistant:	
Instructor/Teaching Assistant Certification:	I certify that I have instructed the students listed on this form in the topics/items indicated below. _____ Date: Signature		

By printing and signing below, I certify I have received training pursuant to the Hazardous Chemical Information Act (Right To Know) and University of Delaware Policy. In addition to training on my rights under the law, I:

… know where the Workplace Chemical List/Chemical Inventory is located and understand its purpose.
… know how to interpret labels and MSDSs.
… know where the MSDSs are located and know that online resources exist through the EHS Web Page (http://www.udel.edu/ehs).
… have been instructed in the physical and health hazards, proper handling, storage and disposal practices for the chemicals I use.
… have been instructed in any special hazard consideration (if applicable).
… understand the protective measures, first aid procedures and emergency procedures necessary for the chemicals I use.
… know that the Hazardous Materials Safety Manual is available online at http://www.udel.edu/ehs/hazmatman.pdf and have reviewed the manual. Print copies may be available upon request from Environmental Health and Safety
… have received the Job Hazard Analysis and know what Personal Protective Equipment is required for my duties. I understand that I must wear eye protection at all times in the laboratory when an eye hazard exists.
… understand that there are special procedures and requirements for managing chemical and hazardous waste and that these materials must not be poured down the drain or placed in the regular trash.
… understand that the Occupational Safety and Health Administration (OSHA) requires that laboratory workers be made aware of the Chemical Hygiene Plan (CHP) (29 CFR 1910.1450). It is located at http://www.udel.edu/ehs/chemhygieneplan.pdf.
