# Helpful information for: Living in the Christiana Towers

ARRIVING at the Christiana Towers.

When you arrive at the dorm you will need to check in at the front desk which is located in the Christiana Commons building, the small white building between the two towers.

The Commons is open from 8:00 am to 1:00 am during the academic year. In the summer, the Commons is open 24 hours except for the July 4th holiday.

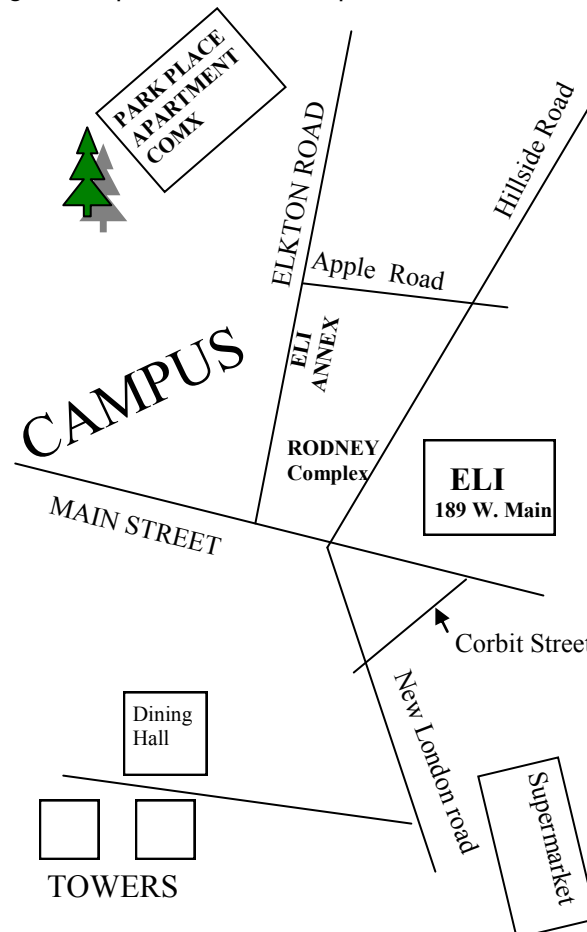

At the Christiana Commons front desk, please tell the office workers that you are a new ELI student. After signing in, you will be given a key to your apartment and a PDI card for the outside door of the building. The ELI Resident Assistant will be available to help you during check-in.

The ELI RA will hold an orientation meeting at Towers at the beginning of each ELI session. At this meeting, you will learn about living in the Towers and activities you can be involved in to meet University of Delaware students.

You will be sharing your apartment with other ELI students. Living with other students can be a big help to you in your first days in Newark.

Please come to the ELI main office building ton at 8:30 on the next business day after you arrive so we can check you into the university and give you all the information you will need to get ready to begin your program of study at the ELI.

The ELI main office building in at 189 West Main Street. To get there please follow the map below.
