

ENGLISH FOR GENERAL PURPOSES VI

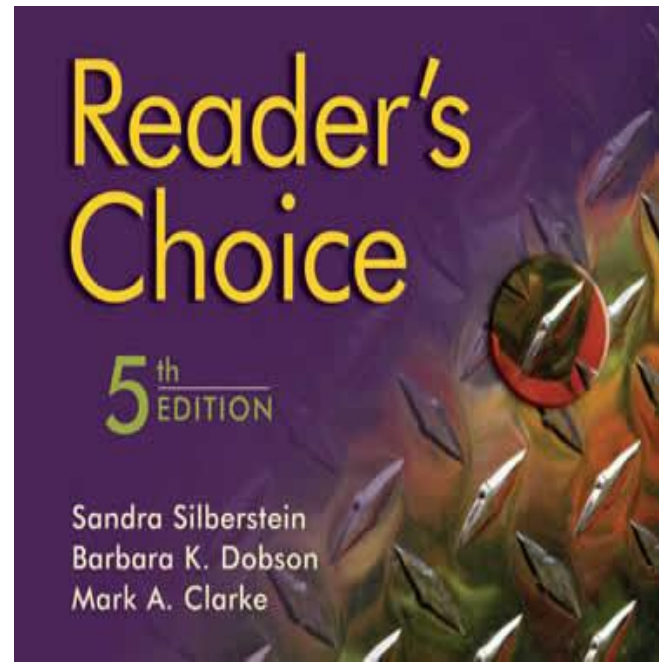

A reading and writing course for
advanced students.

If you plan to use English for school or work, this is a useful course.

- Extensive writing practice
- Practical grammar lessons that you can apply to reading and writing
- Authentic reading materials

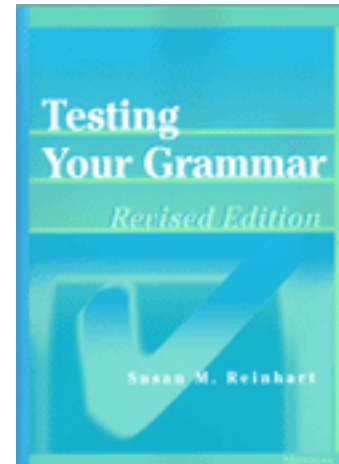

The reading text is a collection of real texts.

- The readings originally appeared in magazines, books, and textbooks used by native speakers.
- Exercises make the readings easier to understand.

The grammar lessons are designed to be practical.

- Here is the grammar text that is used in the class:

The writing tasks are varied, and are designed to match the reading and grammar

You will write:

- * a review of a film or other performance
- * an in-class essay in which you give advice
- * a synthesis paper about two articles which you will have read
- * a comparison and contrast essay
- * an interview paper in which you practice writing reported and quoted speech

Reading and writing are skills. You
acquire skills through practice

- Whatever your reasons are for studying English, you can benefit from taking English for General Purposes VI.
