

The following emails refer to Political Science and International Studies MA and PhD proposals addressed in the Graduate Studies Committee minutes.

From Mar 3, 2006, Graduate Studies Committee Minutes

New Business: James Magee and Dan Green attended the meeting to respond to two items related to changes proposed in the Political Science and International Relations program. The Committee had questioned the use of America in the proposed course POSC 867 "America and the Global System." Dr. Magee explained that "America" is regularly used in the discipline to represent the U.S. of America and that he would take the issue back to the faculty for a final decision on whether to revise the proposed name of the course. The second item of discussion related to the request of the Committee to clarify requirements of an applicant to the PhD program who holds an M.A. degree from another university. It was agreed that a statement in the admission section of the program policy document would indicate that each student's requirements for satisfying the master's equivalency would be determined and that qualified applicants who do not meet the master's equivalency requirement at the time of admission will be required to do so while at the University of Delaware in order to continue in the Ph.D. program.

From Feb 1, 2006, Graduate Studies Committee Minutes

The Committee reviewed the changes presented for the MA and PHD programs in Political Science and International Relations. The Committee requested that the name of the proposed new course to be required for the degrees to be USA and the Global System rather than America and the Global System. The primary change to the degree requirements was to add the new course, PSIR 807, as a required course in both the MA and PHD. In addition, one free elective course was dropped from the PHD requirements to permit the addition of the new course.

Subject: Re: Grad Studies Committee Recommendations for POSC

Chuck, sorry about not getting back . . . I turned this over to Dan Green who was with me at the meeting. We agreed to change the title and to incorporate the Mary's suggested language (from Econ) regarding students entering with a Master's degree. Thanks for your help, and it was a pleasure to meet you. Let me know if you have any other questions. Jim

>>>

>>> Program Approval by Grad Studies Committee

>>>

>>> Dear Professor Magee:

>>>

>>> Your department's proposals on revision of the MA
>>> and PhD were approved by the Faculty Senate Graduate
>>> Studies Committee with the following provisions:

>>>

>>> 1) Change in the title of POSC 807. Based on the
>>> description of the proposed new course, the

>>> committee feels that the title of the course is more
>>> accurately reflected as "USA and the Global System"
>>> or a comparable representation. Use of America in
>>> the title implies the whole American continent,
>>> which is not reflected in the course description.
>>> This needs to be done in the proposals for program
>>> revisions as well as the new course proposal on line
>>> for the course challenge list.

>>>

>>> 2) We feel that the requirements for the student
>>> coming to your program with a master's degree need
>>> to be addressed. The graduate program policy
>>> document (exhibited as "graduate handbook" in the
>>> submitted materials) needs to have a statement or
>>> section that explains the process for students
>>> applying to the PhD program who already hold a
>>> master's degree from another institution or program.
>>> If they already have completed courses listed in
>>> your MA program, we assume they can be applied to
>>> meeting the requirements if they satisfy the
>>> department's criteria for transfer. We assume that
>>> courses not completed in the master's would have to
>>> be taken at U of D or could be waived and an
>>> explanation is needed to make this clear also.

>>>

>>> 3) Submit your graduate policy document in
>>> electronic form, if possible in PDF, but if not,
>>> send it in Word format and we will convert it to
>>> PDF.

>>>

>>> Please make the changes or incorporate the
>>> suggestions stated above. If the changes or
>>> suggestions seem to be out of order, please specify
>>> why in your response. If necessary, we will take
>>> your response back to the committee for
>>> reconsideration. After completing these, send an
>>> updated electronic file or files of your updated
>>> academic approval form(s) (if any changes were made)
>>> and any updated companion documents as attached
>>> files accompanying an email to me with a copy to
>>> Mary Martin. For your reference, you can access
>>> your program proposal at the following web location
>>> <http://www.udel.edu/facsen/Graduate/> under a recent
>>> agenda. Once everything has been completed, I will
>>> forward your proposal on to the Faculty Senate
>>> Coordinating Committee on Education. >>> Chuck Mason
