POLICIES

1. Late Assignments and missed tests

Please follow the syllabus dates unless otherwise announced. I will accept late homework and correct it for you. However, you will lose 10 points off your grade for each week that your homework is late.

Technically, the department policy is no make-ups for missed tests and quizzes without good reason. You must forewarn me if you are going to miss a test or quiz or contact me immediately if you miss anything.

2. Attendance

JAPN 106 is a Foreign Languages and Literatures Department course that is part of the fulfillment of the University of Delaware language requirement in Arts and Sciences. Attendance is absolutely required. You are allowed four free absences for whatever reason—illness, hangover, personal problems, laziness, etc. It does not matter whether you are legitimately sick or not. You get FOUR free absences. After four absences, your final percentage grade will be lowered by 1% for each additional absence unless it is due to religious holiday, illness, accidents, or other exceptional circumstances. Such absences must be reported promptly with a letter from your physician or other appropriate person within one week of your absence.

3. Pass/fail

This course may not be taken pass/fail if you are taking it to satisfy the UD Language Requirement or as a prerequisite of a course to satisfy the Language Requirement.

COURSE OBJECTIVES

In JAPN 106 you will learn crucial verb forms to enable you to master the basics of Japanese grammar. These verb forms are the te-form, the pre-masu form, and what are called the short forms (or dictionary forms) in present tense. You will also learn about two different kinds of Japanese adjectives and how to conjugate them, how to express degree, how to express polite and negative requests, how to express your opinion, how to quote, how to speak and ask questions informally, how to connect sentences and adjectives, how to express reasons, how to express what you like or dislike doing, how to express your purposes for going places, and how to use modal auxiliaries such as *may*, and *shall*, how to use special Japanese counter words, and words like *anything*, *something*, and more. Finally, you will be expected to know the hiragana, katakana, and kanji introduced in 105 and learn an additional 57 kanji for a total of 86 kanji. You are responsible for all kanji shaded in gray in the back of the textbook. You must be able to read and write kanji with less than 10 strokes; kanji with 10 or more strokes reading only.
