MaryAnne said I had to do this so here goes! I am a fairly new member of the MALS program. I live and work in Wilmington, but have lived in DE only since 2003. Before that I was a wanderer following my husband from Base to Base and job to job. My most interesting job took us both to Poland for a year to teach English. We managed to do a lot of traveling while we were there; Germany, Slovakia, Czech Republic, Italy, and Austria. I started my working career as a Secretary, but always wanted more! So, I clawed my way into college and ultimately teaching, which I love!

Aside from riding my motorcycle, I quilt, sing sometimes, and am generally known as a mouthy broad! I am enjoying myself very much in this MALS program; the classes are right up my alley. Since I am new to the program, I tend to be fairly quiet and try not to rock the boat too much!
