

Adding a Link to Course Evaluations

1. Click **Site Info** on the course menubar.
2. Click the **Edit Tools** option at the top of the window.

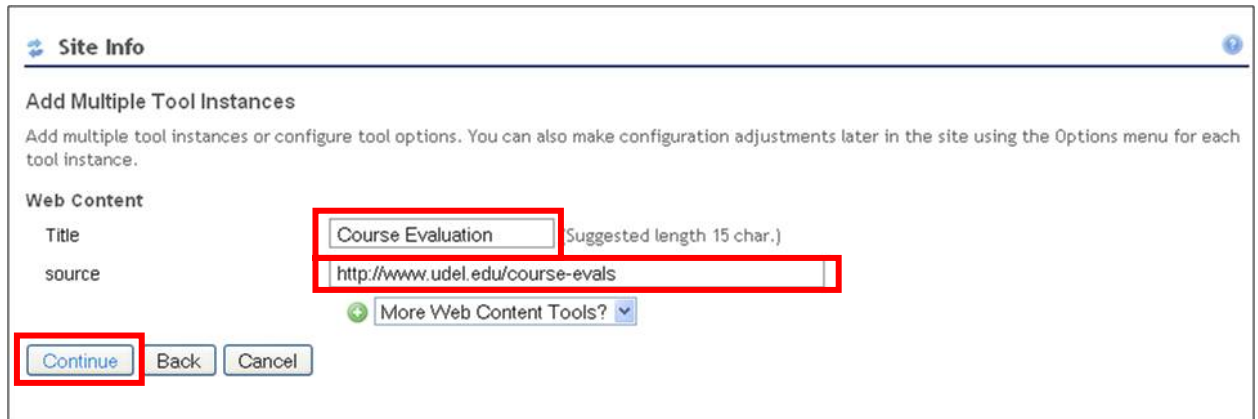

3. Check the box next to **Web Content**. Then click **Continue**.

4. Change the Title to identify the link (e.g., Course Evaluation). In the source box, type

<http://www.udel.edu/course-evals>

Click **Continue**.

Site Info

Add Multiple Tool Instances

Add multiple tool instances or configure tool options. You can also make configuration adjustments later in the site using the Options menu for each tool instance.

Web Content

Title (Suggested length 15 char.)

source

▾

5. Click **Finish**.
6. On the left course menubar you'll see a tool with the title you gave that links to the Course Evaluations web site.
