University of Delaware—Summit Program

Alcohol & Illegal Drug Policy

Alcohol Use

Summit is a unique experience that immerses student teams in outdoor challenges and experiential learning. Issues of legality, liability, personal safety and group cohesion are of concern when alcohol and other drugs are consumed on an outdoor experience. As a result, at no time will the Summit Program and/or Summit Leaders tolerate consuming, purchasing, or possessing alcohol during the program regardless of the age of the Summit participant.

Use of Illegal Drugs

The University of Delaware has a zero-tolerance policy regarding the possession, use, manufacture, production, sale, exchange, or distribution of illegal drugs (as defined by federal and Delaware state law) by students, faculty, and/or staff participating in the Summit Program.

Violation

Violation of the Alcohol and Illegal Drug Policy is grounds for termination from the Summit Program. Termination may include sanctions imposed by the University of Delaware Office of Student Conduct and/or the participant’s immediate removal from the program at his/her own expense.

I, ____________________________(please print), hereby agree to follow the Alcohol and Illegal Drug Policy as set by the University of Delaware’s Summit Program. I understand that violation of this policy will result in being sent home at my own expense and possible referral to the campus student conduct system.
