HIKE

Join us on Sunday, April 24 from 5 to 7pm for an Earth Day weekend event celebrating music and nature. "A Musical Hike" features a virtual nature walk accompanied by nature-inspired music and food at Alapocas Run State Park's beautiful historic Blue Ball Barn.

In addition, ticket holders and the public are invited the day prior, April 23rd from 10am to 2pm (weather permitting), to participate in a guided hike with the Appalachian Mountain Club through the beautiful Lums Pond State Park in Delaware. Featured guests Xiang Gao (Master Players Artistic Director) and Justin Chou (Master Players Special Event Producer) will lead the hike, with opportunities to interact with other Verdant artists and to learn more about Vivaldi, Piazzolla, and music in nature.

Tickets are \$40 per person and include heavy hors d'oeuvres created by local culinary sensation The Wandering Chef and an invitation to the April 23 guided hike. Tickets for the last Verdant Soirees event sold out one week early, so advance purchase is recommended!
