

University of Delaware Figure Skating Club Jackets

Ordering information

The club in conjunction with Jammin is happy to announce that the Club Jackets are available at any time directly through Jammin. These contour jackets are solid navy micro fleece with white piping. The UDFSC logo will be embroidered in gold on the back and the skater's name in gold on the left chest. It is highly recommended that you try on a friend's jacket for sizing as these are custom made and non returnable.

SIZE CHART
