Program Overview

The **Fall Legislative Research Fellows Program** is a brand new initiative that provides a link between the research capacities of the partner universities and the research needs of the Delaware House of Representatives' Majority Caucus.

The Fall Fellows will support the House Majority Caucus's policy team by conducting policy analysis and research as well as contributing to the development of recommendations on a wide range of policy initiatives.

Any undergraduate or master's degree student (GPA 3.4+) studying at UD or DSU is eligible to apply.

Program Highlights

- Work directly under the Policy Director and analysts while making vital contacts with caucus members and senior staff.
- Conduct high-level research and policy analysis to help develop caucus recommendations and long-term projects.
- Commit to 20 hours per week (across 3 days) with at least one day in the Dover or Wilmington office.
- This is a paid opportunity with the potential for academic credit through your university.
