### **INSTRUCTIONAL FUNDING**

I have received approximately 16 grants specifically associated with funding teaching initiatives in my academic discipline. These grants have been largely associated with problem-based learning and the use of technology to enhance learning. The grants include two competitive USDA Higher Education Challenge Grants.

1. University of Delaware Teaching Effectiveness/Special Sessions Grant. \$1000. 1988. Biotechnology: Science and Socio-economic Issues, with S.L. Kitto and C.K. Halbrendt
2. University of Delaware Teaching Effectiveness Grant. \$300. 1989. ANSC 417 Beef Cattle and Sheep Production Tour.
3. University of Delaware Teaching Effectiveness Grant. \$500. 1991. ANSC 417 Embryo Transfer in Beef Cattle. 1992.

4. University of Delaware Teaching Effectiveness Grant. 1992. ANSC 418 Meat Industry Tour. (with Penn State and Cornell University)
5. University of Delaware Teaching Effectiveness Grant. \$2,800. 1994. Development of Case Studies for Problem-Based Learning, with S.L. Kitto and C.K. Halbrendt.
6. A Distance Education Consortium Grant. \$10,440. 1994. Transponder funding for ANSC FREC PLSC 270 Biotechnology: Science and Socioeconomic Issues, with C.K. Halbrendt and S.L. Kitto.
7. University of Delaware Supplemental Instruction Grant. \$200. 1995. Matching funds for video monitor for livestock laboratories.
8. University of Delaware Teaching Effectiveness Grant. \$2,800. 1996. Teaching on Television. Biotechnology and Socioeconomic Issues, with S.L. Kitto
9. USDA Higher Education Challenge Grant. \$80,000. 1996. Biotechnology in Agriculture: A Multimedia Approach to PBL and Distance Learning, with S.L. Kitto, E. Mackenzie, K. Bauer and J. Pesek.
10. University of Delaware PRESENT Technology Assistant Grant. 1999. For ANSC 101: Animations of Biological Events, Interactive On-line study group.
11. University of Delaware PRESENT Technology Assistant Grant (with S.L. Kitto) . 1999. For Biotechnology: Science and Socio-Economic Issues. Development of a Quick-Time movie. Animation of Recombinant DNA.
12. USDA Higher Education Challenge Grant. \$100,000. 2001. Biotechnology - Science and Socio-economic Issues: Web-based Active Learning Modules. with S. Kitto, S. Snider, P. Barber and K. Troutman.
13. NAFSA. Training for Study Abroad Ambassadors. \$2000. 2004
14. UD Capstone Grant. \$10,000. with T. Gressley (Gressley is PI). 2008
15. Provost's Initiative for Innovation and Excellence in E-Learning Grant. \$12,825. 2016/2017. Flipping ANSC 251: Animal Nutrition.
16. Honors Enrichment Grant. Understanding canine digestive physiology and the development of a canine ice cream product. \$1000 (2019)

## OTHER INSTRUCTIONAL ACTIVITIES

- Sabbatical 2018: The effectiveness of cooperative learning with an emphasis on the importance of the social experience for freshman enrolled in STEM majors.
- Coordinated development of first non-thesis MS degree offered by ANFS (2017/2018)
- Developed the Department of Animal and Food Science Peer Evaluation of Teaching Protocol (2013)
- Coordinated development of Department of Animal and Food Science Undergraduate Program Assessment (2015-2016)
- Coordinated development of the Equine Science Minor (2014)
- Instructor in the Honors Program
- Instructor in the Study Abroad Program (1999 – current)
  - Developed the University's first program in New Zealand, now taken over 300 students abroad
  - Average Overall Program Impact Factor for last 3 programs (as determined by the UD Institute for Global Studies) 4.8/5
- Instructor in UD-Online program
  - *First* satellite, live and distance course taught in college
  - One of the *first* to attempt PBL in a distance education format
  - Selected for incentive program award for on-line courses in agriculture (2006)

- Served as a reviewer for the 2008 edition of ANSC 101 textbook
- Co-developed one of the *first* courses taught nationally on biotechnology in agriculture
  - Honorable mention in UD *Teaching with Technology Contest* for biotechnology animation (2006)

## UNDERGRADUATE SUPPORT AND ADVISEMENT

I maintain a full load of undergraduate advisees – currently ~59 undergraduate advisees. I schedule over 150 individual appointments with students annually and that does not include the Drop-In

appointments. In 2020, I wrote ~35 recommendation letters this period including 21 letters for veterinary and 5 for graduate school and I also offered to review personal statements for applications. I write to every student that applies for updates on their application and include an offer to schedule a meeting to discuss options for those that are not admitted.

### **Undergraduate Organizations**

I currently co-advise the Animal Science Club and Sigma Alpha.

### **Student and Alumni Honors**

- I have nominated two alumni recipients of the UD Presidential Citation Awards, and one for the UDAA Outstanding Alumni Award
  - Dr. Natalie Durrett Crawford, Dr. Traci Hill Hulse, Chris Metkiff
- I have nominated and/or provided support letters for four student recipients of the Emalea Warner Award.
  - Jill Licata, Natalie Miller, Sherri Freeman, Laura Donahue
    - Have nominated 6 other students for the Warner Award (Aziaga, Mainardi, Kilby, Taylor, Smarsh and Morges) and one (Rea) for the Taylor award
- I have nominated six alumni recipients of the CANR Distinguished Alumni Award.
  - Dr. Bill Culp, Linda Pill, Dennis Byrne, Catherine Connelly, Pat Carroll, Steve Cook
- Annual UD Women of Promise Dinner – each spring I nominate and accompany 1-2 students to annual Women of Promise Dinner.
- Wrote support letters for Marshall, Fulbright and Gilman Scholarships
  - Laura Donohue, Sarah Bussard (Gilman recipient)

### **GRADUATE STUDENT assistance**

- Master's Thesis Committee for Juliette Tolay. Paper title: *Understanding the Dialog between the "West" and "Islam."* Dept. of Political Science and International Relations. Defense: April 17, 2008
- Thesis assistance interviews: Heather Makrez President's Office University of Massachusetts. 2008
- I have served on 8 M.S. committees and 4 Ph.D. committees in Animal and Food Science

### **PROFESSIONAL CONSULTING**

For proposal: Maximizing Pasture N-2019 Nutrient Contribution and Diversifying Protein Type in Feed to Increase Economic Viability of Organic Pork. NE SARE Research and Education grant Awarded to the Rodale Institute, Kutztown, PA.

### **FACULTY MENTORING**

By request, served as faculty mentor for faculty members Tanya Gressley, Behnam Abasht, and Erin Brannick.

### **ADMINISTRATIVE EXPERIENCE and IMPACT**

***Assistant Chair, Undergraduate Programs Coordinator  
Department of Animal and Food Science. 2014 – 2020.***

Reporting to the Chair of the Department of Animal and Food Sciences, I provide guidance and assistance in curriculum development, student advising and recruitment. I assist in annual performance reviews of faculty and staff, development/fund-raising, program assessment and miscellaneous other duties as requested by the Chair. In 2020, the Chair split the Asst. Chair position into two positions and created a new Undergraduate Program Coordinator position and I moved into that position and out of the Assistant Chair position.

**Associate Provost for International Programs and Director of the UD Institute for Global Studies** 2002 – 2008; 2008-2011.

The University of Delaware created the Center for International Studies (CFIS) in February 2002 and I was appointed its first Director, reporting to the Deputy Provost. Responsibilities included administration of international contracts and grants, including grant administration of US AID projects in Bulgaria, Serbia and Bosnia. Administration of almost 100 international institutional agreements and exchange agreements. Administration of programs like Salzburg Seminar and Fulbright Scholars. Development and administration of the 70+ study abroad programs including semester programs in France, Argentina, Mexico, Italy, London, and Spain. Administration of ~\$725,000 scholarship program for study abroad. In 2008, CFIS was expanded to form the new Institute for Global Studies (IGS) and I was appointed the first UD Associate Provost for International Programs.

### **CFIS/IGS program highlights:**

- Heiskell Award for *Best Practices in Internationalizing the Curriculum*. This is a national award and was awarded to UD in March 2007. Based on nomination co-authored by L. Griffiths.
- NAFSA Award for Internationalizing the Campus. A Spotlight Award for *Faculty Support for Study Abroad*. 2004. Based on nomination co-authored by L. Griffiths, UD was selected as one of NAFSA's institutions to highlight for our efforts in study abroad.
- *Making the Global Vision Real. Supporting Faculty-Led Internationalization Efforts* University Leadership Council, Education Advisory Board. The 2009 national report cites the UD model for enhancing faculty support for driving growth in study abroad. Also features our student checklist and budget model for study abroad. Pages 48-61.
- Completed (with IGS colleague) one the *largest assessment studies of the impact short term study abroad programs ever done in the United States*. Respondents numbered over 2000. Developed institution-wide assessment learning objectives for international education. 2002-2004. *The Frontiers* article we co-authored on this study in 2004 is not only still getting cited (250+ citations), it's on a current study abroad program's reading list!
- Re-invested revenue into study abroad scholarships increasing the scholarship pool from \$200K to over \$725K, a 260% increase.
- During the first five years of CFIS, the study abroad program had over 100 new faculty directors and 60 new programs in 15 new countries and Antarctica. The result was student participation in study abroad programs increased over 84% during my first five years as Director of CFIS. The percentage of undergraduates which studied abroad during their time at UD approached 47% -consistently among the highest participation rates in the nation for comparable public universities (Open Doors). (Number 1 in 2008.)
- Partnered with the FYE program (called LIFE) to create and expand offerings for freshman to study abroad. In just five years the number of freshman participating in study abroad increased over 700% from 30 to 250 students.
- Under my leadership (prior to RBB), CFIS met the sponsored programs benchmark set by the Office of the Provost each year and generated sufficient revenue above the benchmark to support increases in staff, scholarships and CFIS-sponsored grant programs.
- Established CFIS Faculty Fellows Program. The program provided research support, travel funds and a course by-out for faculty to pursue a number of international interests related to the research and education mission of the institution. The program focused on collaborative and multidisciplinary proposals.

- Established International Research Awards competitive grant program. CFIS awarded six \$10k grants each year as seed money for faculty to support their international research interests.
- Established International Travel Awards competitive grant program. The International Travel Award program provides assistance to faculty for participation in a conference outside the United States within the participant's professional field. Faculty with little or no international experience are given preference. In a typical year, 30 faculty were awarded ITAs.
- Established the Global Partnership Awards, enabling faculty to explore research partnerships, joint conferences, study abroad programs and face to face meeting with colleagues at institutions around the world. Seventeen new partnerships in 10 countries were established.
- Taken over 225 students abroad to study pastoral livestock production on the south island of New Zealand. Students visit a variety of farms including a high-country station, hill-country station and low country/plains, irrigated station, all with sheep, cattle and red deer. Other agricultural trips have included a 600-mare breeding facility, a dairy, a piggery, an organic cropping farm, a winery and the botanical gardens. *This was UD's first study abroad program in New Zealand.* It was started in 1999 and continues with a January 2020 program planned.
- NAFSA. Training for Study Abroad Ambassadors. Small grant to support development of an undergraduate group of study abroad ambassadors. 2004.
- Expanded UD's participation in the Salzburg Global Seminar – doubling the number of faculty and professional staff scholarships provided each year.
- Created legal template and process for UD's Global Institutional Agreements. Partnerships around the world grew to almost 100, most notably in China with institutions such as Peking University, Nanjing University, Beijing Normal University and Southwestern University of Finance and Economics. Our partnership with Xiamen University resulted in a Joint Institute for Coastal Research and Management, a Confucius Institute and dual-degree graduate program.
- Worked with the office of risk management to develop a comprehensive plan for students abroad, including an Emergency Response Plan, a risk review committee for high-risk locations, and for retaining the services of SOS Travel Assistance and HTH Travel Health Insurance for all students participating in study abroad and other international activities.
- Instituted a mechanism whereby service learning could be effectively incorporated into UD study abroad programs.

### **International Projects and Grants:**

#### **Griffiths was project PI or Co-PI:**

- US AID Graduate Business Education Project in Bosnia and Herzegovina. In 2004, the University of Delaware (in partnership with the University of Sarajevo) opened the Sarajevo Graduate School of Business. Provides academically talented high school students with the opportunity to study the Mandarin language and Chinese culture for seven weeks in Beijing, China's capital. (2007- 2009). (CFIS/PCS provided administrative and logistics support.)
- Dept. Of Education. Delaware's Fashion International and Business Education Response (FIBER) Project responds to the opportunities and challenges globalization is presenting to the U.S. apparel manufacturing and retailing industry. FIBER provides a comprehensive program that includes faculty, curriculum and student development and business outreach. (2007) 165,000. (CFIS/PCS provided administrative and logistics support.)

***Senior Faculty Fellow in the Office of the Provost.*** 2004/2005.

For the 2004/2005 year, I continued as CFIS Director but also supported the Provost as the Senior Faculty Fellow. Responsibilities included oversight of Department Academic Programs Reviews, Chair's Leadership Workshop, liaison with Chair's Caucus Steering Committee and Faculty Senate Executive Committee, New Faculty Orientation, student and parent complaints which reach the Office of the President or the Provost. I also attended the weekly campus life meetings with the President and the monthly faculty senate meetings.

***Associate Dean for Academic Programs*** College of Agriculture and Natural Resources. 1997 – 2001.

I reported to the Dean of the College of Agriculture and Natural Resources. Responsibilities included coordinating the academic advisement system for the college, new student orientation advisement, certifying graduates for the college, representing the college to the Committee on Undergraduate Records, coordinating

the College Course and Curriculum Committee, provide recruitment support, participate in Honors Day, graduation and convocation ceremonies and programs, meet monthly with the Vice Provost for Academic Programs and Planning as part of Asst/Associate Deans Council, coordinating yearly review and edit of College's section in the Undergraduate and Graduate catalog, coordinating transfer credit matrices updates with departments, review, maintain and update On-Course on-line advisement system to ensure accuracy for all college majors, liaison with Office of Financial aid on scholarship decisions for matriculated students, handle student and parent complaints brought to the attention of the Dean's office, liaison with Judicial Affairs.
