SECTION H

PHOTOGRAPHY EXHIBITS

ALL PHOTOS in this section MUST be taken by the 4-H exhibitor. The 4-H exhibitor **SHOULD NOT** be in any of the photographs.

4-H siblings SHOULD NOT submit the same photo in any class. If this is done, the photographs will be marked down.

Mount individual photos on poster board, card stock, mount board or mat board; **not to exceed 6" x 8"** except where noted. Do not use foam board or construction paper. **Do Not staple photographs** to your mounting board. **Do Not Glue exhibit tag** to your mounting board. Use tape so it can be easily removed for displaying.

Each photo must include the following on the back of every exhibit: camera type, brand, model and film size if film is used except where otherwise noted. Also, please note anything unusual about your picture (e.g. mounting, focus, subject etc.) that you think will help the judges to better understand your picture. For example, if you enter a picture of yourself or a picture with you in it, explain how you did that.

Judges will be asked to assess the entire exhibit. This includes not only the photograph, but also the mounting and any titles that are attached. Sloppy writing, glue on the mat, a poorly cut mat or crooked mounting all can detract from the photograph and lower the overall score.

Photographs in classes 135-159 and 160-166 may be taken using a digital camera, color film or black and white film (Classes 163 – 166 Only). Only one entry per class is permitted and each photograph may be entered only once in this entire section, including photos entered in the portfolio classes. The exception to this rule is in classes 160-162

(Digital Slide Shows), where only 50% or more of the images must have been taken during the past year. Photos entered in the digital slide show may also have been entered in other classes. Also, photos entered in class 153 (Best Photo Album) may have been entered as individual photos.

All photographs (unless otherwise noted in the rules above) must have been taken by the 4-H member since the beginning of the previous year’s State Fair. Note that the name of each class indicates what the **primary focus** of that class should be. For instance, if you enter a picture of you with your lamb, and your primary focus of the photograph is the lamb, it should be entered in the animal category (and not people category).

Exhibitors SHOULD NOT enter the same photograph in the color photograph classes that are entered in the black and white photograph classes.

Delaware 4-H is sponsoring a poster contest to promote teens to seek emotional and mental health treatment, when needed. Unfortunately, there is oftentimes a stigma associated with mental illness, emotional disturbances and seeking treatment. Youth and adolescents need to know they can request assistance when dealing with mental illness – and not feel ashamed about it. Young adults should feel comfortable when asking for help when dealing with mental or emotional concerns and should never feel embarrassed.

Mental illnesses can affect a person’s thinking, feeling, mood, or behaviors. Some of the major types of mental illness are depression, anxiety, schizophrenia, bipolar mood disorder, personality disorders, and eating disorders. For more information on major types of mental illness, visit: <https://kids.delaware.gov/pbhs/youth-and-teens.shtml>

All youth/adolescents ages 11 to 19, are encouraged to submit an original design that helps reduce the stigma associated with seeking treatment for mental illness.

Posters will be evaluated based on the following rules:

1. Submissions should provide a clear and understandable message in a concise format.
2. The message portrayed should be easy to read. Letters and words should be clear and legible.
3. Language used should be appropriate for age group.
4. Exhibits should use 14” x 22” poster board, using the entire space on the page.
5. Any medium or combination of media may be used, including crayons, line drawings, watercolor, paint, etc.
6. No coloring book or traced drawings.
7. Computer generated images are acceptable.
8. Artwork must be the artist’s original creation.
9. Exhibits must be entered by individuals only.
10. Do not fold entries.

GENERAL POLICIES FOR DELAWARE STATE FAIR EXHIBITORS

Parking

In an effort to be more safety conscious and to improve the appearance of the grounds, vehicles will not be allowed to park inside the fairgrounds property of the Delaware State Fair. Those livestock exhibitors who need to make deliveries to their exhibit area will be required to do so prior to 12 Noon each day. After 12 Noon, all vehicles will be required to park in the exhibitor lot or in the main parking lot. Violators of the parking policy are subject to be towed. All livestock exhibitors' owned cars parking in the exhibitor parking lot must display an exhibitor parking hang tag. Due to limited capacity in this lot, parking with a hang tag is on a first come - first served basis. Livestock trailers will be parked in a designated area in the south parking lot. Cars and trucks shall not be parked around barns.

Premiums and Awards

Every effort will be made to see that there are no errors made in the payment of premiums. However, if an exhibitor finds an error, proof of such error must be communicated to the Delaware State Fair Administration Office on or before October 1, 2022. After this date, no corrections will be considered. Checks that are not cashed after 90 days of issuance will NOT be reissued.

Advertising

No person will be permitted to distribute advertising material upon the fairgrounds except from their place of business or exhibit space. The tacking or posting of an advertisement, bills, etc., other than within the space occupied by exhibits is strictly prohibited. The distribution of handbills, flyers, and heralds will not be permitted under any circumstances. Anyone violating this rule is liable to fine or expulsion from the grounds. Begging, soliciting, singing, or public speaking is expressly prohibited.

Entry Removal

Entries MUST be removed by Sunday July 31, 2022. No exceptions. All items left will be discarded immediately after the Fair.

Pet Policy

With the exception of service animals, no pets are allowed on the grounds. Service animals as defined in the Americans with Disabilities Act (ADA) are permitted. Service animals are those that have been individually trained to do work or perform tasks for a person with a disability. Service animals are working animals, not pets. The work or task an animal has been trained to provide must be directly related to the person's disability. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA.

Bikes, Skateboards, Hoverboards, Segway, In-Line Skates and Wheelies

The operation of bikes, skateboards, hoverboards, Segway's, in-line skates and wheelies are expressly prohibited on the fairgrounds.

Electrical Extension Cords

In areas where the use of extension cords are permitted (ask your superintendent for clarification), cords used must be 12.3 gauge or heavier. There will be NO EXCEPTIONS to this rule.

POLICY REGARDING ACCOMMODATIONS FOR EXHIBITORS

The Delaware State Fair, Inc. exhibitor program (i.e. livestock, competitive exhibits and contests) shall be accessible to the wide diversity of youth who live in our region, regardless of their backgrounds and characteristics — including physical, mental or emotional abilities and/or limitations.

Exhibitors with disabilities are entitled to be able to participate in the activities with their peers and any necessary accommodations must be made to make that possible. Any accommodation for an exhibitor with a disability should:

1. Allow an exhibitor with a disability to participate in the same collective activity as all other exhibitors at the same age level. Observation of the activity without direct involvement does not constitute participation.
2. Be determined with a stated goal to minimize direct adverse impact on how other participants in the activity perform or are evaluated. Every effort should be made to minimize the effects of the accommodation on other participants.
3. Be assessed on a case-by-case basis. The assessment and determination of the level of accommodation(s) should include consultation with the exhibitor, the exhibitor's parents or guardian, activity leader such as a Youth Program Advisor or Field Specialist, and a Fair program representative. Consultation with vocational rehabilitation professionals or professionals who teach or provide services to the exhibitor with the disability is also a preferred level of interaction to determine appropriate and reasonable accommodations.
4. Be reasonable. Accommodations are considered reasonable if they do not change the fundamental nature of the program or alter the essential criteria for participation. If an accommodation does not alter the fundamental nature of the program, then it is reasonable and will be provided. Exhibitors with disabilities will be judged using the same criteria as other participants. The accommodation should allow them to participate in the activity and achieve the criteria while not counting against the final determination of success.

Examples of possible accommodations include modifying rules, policies or timing of events; eliminating architectural or physical barriers; providing interpreters; modifying equipment; providing additional spacing needs; providing verbal or modified testing; allowing the use of digital technology (e.g. letter boards, text-to-speech programs or appropriate applications); or other types of accommodations as deemed appropriate.

The Delaware State Fair, Inc. respects the privacy of the individual participant. Information regarding an exhibitor's request for accommodation is extremely confidential. Any information that is gathered in order to assist the exhibitor in order to accomplish the goal of full program participation with accommodation will be used only for that purpose.

2022 COVID-19 GUIDANCE FOR EXHIBITORS

The 2022 Fair is planned with current Delaware Department of Public Health (DPH) COVID guidance in mind. This guidance could potentially impact your experience as an exhibitor in several ways.

COVID exposure is an inherent risk in any public location where people are present. Exhibitors should only attend after evaluating their own health risks.

- a. Entry on to the fairgrounds constitutes your understanding of these risks and your willingness to undertake the risk of exposure you while acknowledging that an inherent risk of exposure to COVID-19 exists in any public place where people are present.
- b. By participating in or attending the Fair, you and any guests voluntarily assume all risks related to potential or real exposure to COVID-19 and agree not to hold The Delaware State Fair, Inc., its directors, officers, employees, agents, contractors, or volunteers liable for any illness or injury.
- c. Exhibitors and family members are asked to refrain from attending the Fair if they have been in contact with anyone exhibiting COVID-19 symptoms within the last 14 days, have a fever or other symptoms, or if you fall into a high-risk category as defined by the CDC (without taking additional precautions as advised by the Delaware Department of Public Health and the CDC).
- d. The Fair encourages frequent handwashing by all exhibitors, their guests and family members and reminds every one of the importance of frequently washing their hands with soap and water. If soap and water are not readily available, you are encouraged to use a hand sanitizer that contains at least 60% alcohol is an acceptable alternative recognized by public health officials.
- e. The Fair will provide accessible handwashing and/or hand sanitizer stations throughout the fairgrounds.

EXHIBITOR'S RIGHT OF PROTEST OR APPEAL

Competitive Exhibits – Adopted February 21, 2022

Exhibitors have a right file a protest about another exhibitor whose eligibility as an exhibitor or whose particular exhibit allegedly does not meet the rules and regulations set forth by The Delaware State Fair. Also, an exhibitor has the right to file an appeal an appeal from a determination of the departmental superintendent that a particular exhibitor may have breached a department rule, regulation or ethics code applicable to department entries and/or set forth in the Dover Building departmental pages associated with all other competitive exhibits or competitive event standards. These protests or appeals will be considered by the Chairperson of the Fair's Competitive Exhibits Committee whichever is applicable and if appealed, ultimately by Fair management without fear of reprisal or recrimination as set forth below.

Exhibitors should use the following guidelines in expressing their protest or appeal.

1. Please submit in written form a concise statement of your observations supporting your allegation that a person has violated a rule or the basis for your appeal in the case of the assessment of a penalty or sanction by departmental leadership. Provide as much detail as possible, and present the summary based on the facts. Hand-written documents are welcomed, but must bear the writer's signature. Anonymously written protests or appeals will not be accepted. Submission must be turned in to the Administrative Office within 24 hours of the occurrence of the incident giving rise to the protest or the assessment of the penalty or sanction. Upon receipt, the protest/appeal will then be forwarded to the appropriate individual (Competitive Exhibits Committee Chairperson and General Manager).
2. In no event should an Exhibitor's Right of Protest or Appeal form be filed after the end of current Fair. Protest and Appeal forms are also available at the Delaware State Fair's Administration Office. Please complete all required information fields including your name, address, cell phone, e-mail address, etc. along with the best means to contact you with the Fair's response. In the case of a protest, the name of the person alleged to have violated the rule and the citation of the rule violated must be included. A description of the exhibit involved (i.e. exhibit, class and division) must also be included.
3. It is critical that any protests or appeals be properly communicated in the fashion set forth above in a timely manner. It is imperative that all protests be brought to the attention of management while the Fair is underway so that all parties who might need to be involved in a resolution are on site and are able to participate in a quick and thorough review. A timely response will be made by management within 24 hours and communicated to the person who filed the protest or appeal.
4. Any opinion or decision rendered by the Chairperson of the Competitive Exhibits Committee may be immediately appealed within 24 hours to the Fair's General Manager, who in his or her discretion may consult with any additional parties needed to render a decision. The General Manager's decision on a protest or appeal shall be made and communicated within 24 hours. The decision of the General Manager shall be considered final.
