

**Exercise Science MS – KAAP Department**  
**Graduate Application Supplemental Document**

One important aspect of the Exercise Science MS Program, which is different from many other institutions, is that admission is contingent on a faculty member agreeing to serve as an advisor. All of our students are funded, and the funding source needs to be identified prior to admission.

Please indicate below which faculty members you have contacted and the date of your last communication. Once complete, upload this document in the area of your application called “Additional Document Uploads” as a Supplemental Document.
