

WAYS TO GIVE SCHOLARSHIP SUPPORT

Scholarship support can take several forms and all of them will allow you to transform the lives of those who will transform the world.

ENDOWED SCHOLARSHIPS

By creating an endowed scholarship, you are ensuring there is a sustainable source of critical funding for current and future generations of students. The endowed scholarship will last for perpetuity, with approximately four percent of the total gift each year supporting students in need.

You can create a legacy of generosity by naming an endowed scholarship for yourself, your family or a loved one.

ENDOWED SCHOLARSHIP IMPACT

Endowment	Average Student Need
\$600,000	Full need met for one student
\$300,000	Half the need met for one student
\$150,000	Quarter of the need met for one student

CURRENT-USE SCHOLARSHIPS

Current-use scholarships benefit students immediately. The scholarships are used over a limited time, ranging from a one-time donation to being distributed over a number of years.

A current-use scholarship of \$20,000, payable over four years, will meet about a quarter of a student's need each year.

FINISH LINE GRANTS

Every year, more than 400 Blue Hens are unable to continue their educational journeys because they can't pay a balance on their tuition bill—most times the amount due is between \$1,000 and \$1,500. While the payment may be unsurmountable for the students, it is but a mere fraction of the overall tuition cost that stands in the way of achieving their academic dreams.

Finish Line Grants gift \$1,000 to help junior or senior students have an opportunity to walk across the Commencement stage and find success beyond UD.
