

Prepare for a rewarding career in accounting.

M.S. IN ACCOUNTING PRACTICE

Accounting is a dynamic, high-demand field that is about more than just numbers. Your professional background combined with a Master of Science in Accounting Practice (MAP) can position you to qualify for the CPA Exam upon graduation. Graduates from any major may apply for this program.

With flexible formats, including full- and part-time options offered on campus and online, or a combination of both. You can earn your degree in as little as one year.

You'll study with renowned faculty to gain a solid understanding of accounting, tax regulations, business law and the business environment. In addition to a solid academic foundation, this program will ensure your professional preparedness: The program provides you with a personal career coach and connects you with Big 4, regional and local accounting firms.

The MAP prepares you for a leadership role in an accounting career, such as public accounting, information systems consulting, industry, finance or government.

30
CREDITS

TOTAL CREDITS NEEDED TO COMPLETE THE PROGRAM

PREREQUISITES

You need to have completed the following courses or their equivalent prior to starting the MAP (these do not count towards fulfilling the 30 credit-hour requirement):

ACCT 207	Introduction to Financial Accounting
ACCT 208	Introduction to Managerial Accounting
ACCT 800	Financial Reporting and Analysis may be taken in place of ACCT 207 and ACCT 208.

If you haven't had both a micro and macro economics course, you'll take:

ECON 101	Introduction to Microeconomics
ECON 103	Introduction to Macroeconomics
ECON 603	Economic Analysis for Business Policy may be taken in place of ECON 101 and ECON 103.

CHOOSE PROGRAM LENGTH

You can complete the MAP program in one calendar year or three semesters as a full-time student, if you have an undergraduate degree in a business field (other than accounting). If you choose to complete the program part time, the length of time required will be two or more years, depending on your background and course scheduling.

CAREER OPPORTUNITIES

The MAP prepares you for a leadership role in an accounting career, such as public accounting, information systems consulting, industry, finance or government.
