Context:
The Alternative Routes to Teacher Certification (ARTC) Program, located in the Delaware Center for Teacher Education, offers an alternative to the traditional route to teacher certification in Delaware. The ARTC program, created and funded by state legislation in June 1996, provides qualified individuals a pathway to complete certification requirements while they are employed as full-time teachers -- through a state-approved program of professional education coursework, intensive, school-based supervision, and mentoring in lieu of student teaching. Under the limited direction of the Director of DCTE, the Academic Advisor will collaborate with ARTC personnel in the administration of the Alternative Routes to Teacher Certification program. In addition to coaching teacher candidates (ARTC participants) in the program, the Academic Advisor is responsible for processing applications and letters, and monitoring participants’ progress.
