Adjunct Faculty Positions
Department of Psychological and Brain Sciences
University of Delaware

The Department of Psychological and Brain Sciences https://www.psych.udel.edu/ at the University of Delaware is recruiting qualified instructors to teach core courses in our undergraduate curriculum (https://www.psych.udel.edu/undergraduate/advisement/majors-minors/psychology-b-a) during the 2023-24 academic year. We are currently seeking instructors who have an interest in teaching courses in General Psychology, Research Methods, and possible other courses in the candidate’s area of interest. Successful candidates will be expected to instruct in-person courses on our Newark, DE campus.

Qualifications

Qualified candidates should hold an advanced degree (Doctoral or Masters, PhD preferred) in psychology or a closely related field with requisite coursework in psychology or area of specialization.

Compensation

UD’s highly competitive rate of pay is based on level of education and experience. This will be a part-time, non-benefitted position. Salary guidelines can be found here: https://www1.udel.edu/payroll/suppay/2022spring.html

Interested candidates should send a cover letter and CV to:
