Website Specialist

25 hours per week during the summer
10 – 12 hours/week maintenance, as needed

Horn Entrepreneurship serves as the University of Delaware's creative engine for entrepreneurship education and advancement. Built and actively supported by successful entrepreneurs and thought leaders, Horn Entrepreneurship empowers aspiring innovators and entrepreneurs as they pursue new ideas for a better world.

We are looking for a talented, passionate, and enterprising individual who is eager to contribute to advancing the mission of the Entrepreneurship. As part of the Horn’s marketing & events team, you will be responsible for the redevelopment and design of our global high school entrepreneurship competition’s website, the Diamond Challenge.

The first part of the internship (summer) will focus on rebuilding the website followed by maintenance during the academic year. You will collaborate with the creative team and Diamond Challenge team. Good communication skills and team etiquette is necessary.

This internship is ideal for you if you want to build your portfolio, gain experience as part of a marketing/creative team and build a website with global impact.

Specific work hours have flexibility; however, work outside of normal business hours may be required occasionally.

Required Skills:
- Proficiency in Word Press or similar CMS
- Knowledge of Adobe Creative Suite or editing software
- Knowledge of User Experience (UX)
- Attention to detail
- Willingness to problem solve

Other duties may be assigned.

Send a resume and website sample to Meg Marcozzi, megm@udel.edu.
