Lab Technician, part-time
Department of Chemistry and Biochemistry

Interested in helping us study how the SARS-CoV-2 virus takes over human proteins to replicate? A biochemistry laboratory is looking for a part-time lab technician to keep our research laboratory running. The work involves molecular biology, protein expression and purification and keeping the laboratory organized. Experience with molecular biology or protein purification is essential. A Bachelor of Science degree in chemistry, biochemistry, biology or engineering is a plus but not required. To learn more about our research group visit: http://www.udel.edu/chem/rozovsky/group/index.html

Work hours are flexible, but a six months commitment is necessary. The position will work 10-28 hours per week. This is a part-time temporary position with no University of Delaware benefits.

To apply, please send curriculum vitae and names of two references electronically to: Prof. Sharon Rozovsky, Department of Chemistry and Biochemistry, University of Delaware (e-mail: rozovsky@udel.edu).

Employment offers will be conditioned upon successful completion of a criminal background check. A conviction will not necessarily exclude you from employment.

The University of Delaware is an Equal Opportunity Employer which encourages applications from Minority Group Members and Women. The University’s Notice of Non-Discrimination can be found at http://www.udel.edu/aboutus/legalnotices.html
