Structures Lab Assistant – Civil & Environmental Engineering

The Civil & Environmental Engineering Department at the University of Delaware seeks a part-time Structures Lab Assistant.

Part-time (16-20 hours per week), paid hourly (UD retirees/alum are encouraged to apply)

Responsibilities/Qualifications

Oversee students in the Structures Engineering lab and associated facilities to ensure safe practices and proper use of equipment

Assist with research work including setup and testing by following guidelines and standards to ensure results are accurate and repeatable

Setup and cleanup for Civil Engineering lab courses taught in the Structural and Geotechnical Engineering labs

Keep lab space clean and organized, includes custodial type duties in the lab facilities

Ensure safety rules are followed and testing is compliant with safety regulations

1 year of experience working in electronics and/or construction

Previous structures or mechanical shop or lab experience a plus

Must be able to work independently and with minimal guidance

This is a part-time non-benefited position, working 16-20 hours per week, schedule may vary

Special Requirements: Ability to lift and move equipment weighing up to 50 pounds, with or without assistance.

Apply

To apply, please send resume and names of two references electronically to: cee-info@udel.edu, University of Delaware.

Employment offers will be conditioned upon successful completion of a criminal background check. A conviction will not necessarily exclude you from employment. The University of Delaware is an Equal Opportunity Employer which encourages applications from Minority Group Members, Women, Individuals with Disabilities, and Veterans. The University’s Notice of Non-Discrimination can be found at http://www.udel.edu/aboutus/legalnotices.
