Help protect your future from life’s uncertainties

Your Group Long Term Care Insurance Program

University of Delaware Voluntary benefits include group long term care insurance. Under this Voluntary Program, long term care insurance may be more affordable than you think.

The need
Long term care insurance enhances your benefit offerings by meeting a largely unrecognized need many of us may have. It helps pay covered expenses for long term care services whether they are received at home, in the community or in a nursing facility. Here are a few points to consider:

• These expenses aren’t typically covered by either disability or health insurance.
• Relying on government programs may not be a viable solution.
• Without insurance, the costs of these services may have to come out of savings.

The cost
Today, a private room in a Delaware nursing facility is about $150,928 a year and costs are rising.\(^1\) Since the average long term care claim lasting longer than a year is 4.1 years, a long term care situation could cost almost $618,804.\(^2\)

Newly hired employees
As a newly hired employee, you have the opportunity to get coverage, with streamlined underwriting\(^*\) depending on your age, during the first 30 days after becoming benefit eligible.

Active or Retired Employees
As an active University of Delaware employee, you and your spouse and other eligible family members can now buy this coverage at competitive group rates with full medical underwriting, depending on your age.

\(^1\)Reduced underwriting offered to eligible employees only.

4 Assumes the Future Purchase Option is included. The optional Non-Forfeiture Benefit is not included. These premiums are not guaranteed, and the insurer has the right to change rates in the future. While Genworth Life Insurance Company reserves the right to change future premiums for the Group Policy, your premiums will never increase solely due to changes in your age or your health status.
Benefit Eligibility, Limitations and Exclusions

To understand the benefits and features available to you under this Program go to genworth.com/UDelaware or call 800 416.3624. The limitations and exclusions that apply to this coverage are listed below.

Premiums are not guaranteed and the insurer has the right to change rates in the future.

Eligibility for Benefits: Your Group Program can reimburse you, up to your plan limits, for the costs of covered long term care services. You qualify for reimbursement when you need assistance with 2 or more everyday activities which include bathing, continence, dressing, eating, toileting, and transferring out of a bed, chair or wheelchair, and the need is expected to last for at least 90 days; or when you need substantial supervision due to a cognitive impairment, such as Alzheimer's disease. A licensed health care professional must confirm your condition. The services must be part of your plan of care from a licensed health care professional.

Limitations and Exclusions: As with any insurance program, certain limitations apply. Charges that are not covered include those for services:

• for which no charge is made
• received outside of the United States, unless included in another benefit
• provided by your immediate family except as covered under the Informal Care benefit
• for which benefits are payable by a Worker's Compensation or occupational disease act or law
• provided by a Veteran's Administration or other federal government facility, unless a valid charge is made.

Charges are also not covered if they are for services that are required because of:

• war or an act of war
• attempted suicide or self-inflicted injury
• your participation in a felony, riot or insurrection
• service in the armed forces or units auxiliary thereto
• alcoholism or drug addiction.

Pre-Existing Conditions Limitation: Covered expenses incurred for any care or confinement that is a result of a pre-existing condition when the care or confinement begins within six months following your initial certificate effective date will not be covered. A pre-existing condition means a condition (illness, disease, injury or symptom) for which medical advice or treatment was recommended by, or received from, a health care professional within six months prior to your initial certificate effective date. If you’re required to answer questions about your health as part of your application, this pre-existing conditions limitation will not apply to you.

Other Limitations on Benefits: Benefits under the Program coordinate with other group long term care insurance meaning that the sum of all benefits you receive will not exceed the actual charges. And, benefits will not duplicate benefits received under another insurance program such as:

• Medicare
• any state or federal worker's compensation, employer's liability, or occupational disease law
• any other federal, state or government health care or long term care program, or law except Medicaid.

This is a summary of the limitations and exclusions. State variations may apply to these exclusions and limitations. The specific language may vary or change the impact of the exclusion. For example, in Oklahoma, the reference to war or act of war is qualified as “war or act of war, while serving in the military service or any auxiliary unit attached to the service…” Check your Outline of Coverage for complete details and any state variations that apply.

Details about benefits, costs, limitations and exclusions can be found in the outline of coverage.
