Signage and Vehicle Brand Style Guide

The purpose of this brand style guide is to have a campus-wide unified and comprehensive look for all building identity, directional, wayfinding, address and LED panel signage on University buildings, walkways, entrances, etc.

This guide is part of the brand platform set that helps each of the University of Delaware’s communications efforts to work in concert. A brand platform is a set of guidelines that serves as a common foundation for brand development and governs all aspects of a brand’s visual elements, messages and implementation. To be successful, every entity in the UD community needs to help deliver the UD brand identity and message through its programs and activities.
Color Palettes
Color plays a critical role in strengthening the overall impact of the University of Delaware identity. It is perhaps the most significant identifier that the University uses. The consistent use of color is a vital part of communicating the University’s brand.

The official blue and yellow are the University of Delaware’s primary colors for use in print and electronic communications. Accent or secondary colors are used to complement UD’s blue and yellow, but should not be used as primary or stand-alone elements of the color palette.

The logo may appear in the approved primary colors, or reversed in white out of a field of primary color.

When printing, spot colors (Pantone) should be used. When printing in full color (four-color process), the CMYK mix provided in the palette should be used. Automatic conversion of the spot color within an application can result in an incorrect mix.
**Official Color Charts**

Below is a list of the official color selections for the University of Delaware's logos, by acceptable color model.

Use of all marks requires written approval prior to production. The name and marks of the University of Delaware are controlled under a licensing program administered through the CLC.
Signage Brand Style Guide
Signage

Campus signage, from building identification to directional signs, is another way in which UD maintains a consistent brand identity. This section outlines the standards and guidelines for various types of University signage.

All exterior building and directional signage should be developed in cooperation with the University of Delaware's Planning and Project Delivery department and the UD Architect:

142 General Services Building
222 S. Chapel St.
Newark, DE 19716-1744
Fax: 302-831-8294
Telephone: 302-831-1744
Email: ud-fpc@udel.edu

To request a new sign, please submit a completed “University of Delaware Request for Services Form” to the Planning and Project Delivery department.

The Sign Request Form may be found online in Web Forms or at this link: https://udapps.nss.udel.edu/webforms/embtform?wf_id=1106&wf_ty=blank
**Double-Sided Aluminum Fabricated Building Identity Sign, to include:**

- Overall Size - 60"h x 48"w
- (1) Header Panel - 18"h x 48"w
- Full Color Graphics File - Orafol vinyl with laminate.
  - full header-blue to black gradient with UD seal ghosted and white UD Primary logo
- (1) Directional Panel - 42"h x 48"w
- .080" Painted matte black aluminum facing over 1" square aluminum frame with VHB tape and Weld-On (2 part Chemical Adhesive)
- Posts: 3"x 3" square, aluminum painted matte black
- Single Colors - 3M Scotchcal 50 Vinyl Graphics
  - reflective white
  - bright yellow 180C-15

**Installation:**

- Installation of above between (2) 3" x 3" painted aluminum posts in dirt set in concrete
- Height to top of the sign - approx. 80"
- 12" diameter x 36" deep footers
- Installed perpendicular to the building for ease of reading both sides/directions
- all building tenants are listed in alphabetical order
