Once you complete the e-receipt activation, the e-receipts generated by your transaction with a participating supplier will be automatically collected and matched with your itineraries and expense reports. You can access and print these e-receipts at any time from your Trip Library. If your company uses Expense, then your e-receipts will be automatically matched with your itineraries and expense reports, as applicable, so you can avoid keying in folio data and submitting paper receipts for your expense reports. Participating suppliers of our e-receipt program are identified by our icon during the online booking process:
