

FinTech's Virtual Event Series

Nektarios Tsoutsos and Gang Wang, co-directors of the University of Delaware's FinTech Innovation Hub, are excited to host the hub's spring web series. There will be three virtual sessions between Feb. 19 and May, each highlighting AI's evolving role in the fintech industry. All students, faculty, alumni and industry professionals are welcome to attend. Special thanks to Discover Bank for sponsoring these webinars.

Webinar #1 - Feb. 19: The Importance of Risk Management and Compliance in a Changing World with a presentation by **Branan Cooper**, Financial Services Risk Management Executive

Webinar #2 - March 12: Introducing AI Agent and Agentic Workflow with a presentation by **Harry Wang**, Professor of Management Information Systems and CEO at Takin.ai

Webinar #3 - May 7: An Awkward Matrimony: Banks and FinTechs Learning to Speak in Common Compliance Terms with panelists **Dan Frechtling**, CEO, Boltive; **Josh Lambert**, Chief Compliance Officer, Best Egg; **Benjamin Melnicki**, Chief Compliance, Officer, Cross River; **Brian Shaw**, VP of North America, Certa.ai
