

Survey Research Clinic

(Fall 2016)

1) Are you a **member of the UD community**?

2) Does your research/work involve
data collection using Survey Research?

3) Do you need help defining the **study population**,
identifying the **sampling frame**
or devising a **sampling protocol**?

4) Could you use advice about **questionnaire design**
or the proper way of **asking questions**
on your survey instrument?

5) Are you concerned about your study's **response rates**?

6) Do you want to make sure that your results
are **generalizable, reliable** and **valid**?

What:

Attend a one-on-one appointment (bring your project to discuss)

Available dates (pick one):

September 15th, October 12th and November 2nd

Where:

Faculty Commons, 116 Pearson Hall

To schedule an appointment:

<http://www.udel.edu/003288>
