

## CHEMICAL SAFETY MOMENT

Issue 27 – December 2017

### A new Chemical Inventory platform for the University

With the launch of ChemInventory, EHS has hired a team of Chemical Inventory Specialist to help inventory and barcode the chemicals in your lab. EHS is working on a schedule for the department, and if you are interested in adding your lab to the top of the list, or would like more information, please contact Brandon (bdc@udel.edu).

### Be Safe Over Winter Break

As the semester ends, fewer people will be around the labs and buildings. Please follow the advice below:

- In addition to **911** for **fire and emergencies**, add these numbers to your phone:
- Do not perform dangerous experiments alone! Use the **BUDDY SYSTEM**.
- Wear proper **PPE** (safety glasses, gloves, & lab coats).
- **Label** all waste and reactions properly.
- **Save Energy!** Turn off lights, unplug hotplates not in use, and keep hood sashes closed.

**Facilities: 831-1141**

**UDP: 831-2222**

**EH&S: 831-8475**
