

CHEMICAL SAFETY MOMENT

Issue 45 – August 2019

Remove Those Gloves

Wearing gloves outside the lab can be a hazard to you and others. Remember to take off your gloves **BEFORE** you step outside the lab. If you are using one gloved hand to carry chemicals, **NEVER** use your gloved hand to open doors!

Questions? Ask EHS

Do you have questions for EHS?

Questions about anything, including:

- Lab Safety
- Chemical Waste
- Biological Waste
- Reporting a Safety Concern
- Reporting a Near Miss

Did You Know?

One open fume hood uses the same amount of energy as 3.5 homes per year!

By closing the sash of just ONE fume hood, you can save the energy equivalent to FIVE TONS of coal each year!

Stay safe and save energy, close your sash!
