Winter Break: Dec 24 - Jan 1

Awareness in the Lab

To feel science-y

Surprise sponsor/safety inspector visit

Hide the fact you're wearing the same clothes as yesterday

It's too cold in the lab

Why people wear lab coats

WWW.PHDCOMICS.COM

Lab coats are for **EVERYONE!**

Playing music in the lab is a great way to pass the time, but wearing headphones can be extremely dangerous for yourself and your colleagues. Headphones delay response time and reduce alertness. If you yell for help, but your buddy cannot hear you, you might as well be alone in the lab.

Do YOU have a policy for headphone use?

Safe Science is Good Science!
