

CHEMICAL SAFETY MOMENT

Issue 82 – May 2023

Laboratory Inspection Schedule

Laboratory inspections take place quarterly based on Building. EHS completes one inspection, and the other three are non-EHS inspections. The non-EHS inspections can be any combination of Self-, Peer-, and Safety Committee-Inspections. To find your schedule, locate your lab's building, then the inspection months.

Add a Self-Inspection

- 1) View your lab profile in BioRAFT
- 2) Select **Self Inspections**

The screenshot shows the BioRAFT interface for the 'DEHS Sample Lab'. The 'Self Inspections' tab is highlighted in the top navigation bar. Below the navigation, there is a section for 'Emergency Shutdown Status: Normal Operations'. To the left, there is a 'Contact Info' section listing the Principal Investigator (William A Fendt), Group Compliance (Krista L Murray, Brandon David Caltree, Ann M Woodall, DEHS Sample, Michelle Leigh Ferguson), and Liaison. To the right, there is a 'Compliance Summary' section showing 'Training' as complete (green checkmark) and 'Equipment' as not complete (grey circle).

- 3) Select **Add a new Self Inspection**

The screenshot shows the 'DEHS Sample Lab Self Inspection Log' page. The 'Add a new Self Inspection' button is highlighted in a red box at the bottom right of the page. The page includes a search filter for 'Inspection Type' (set to '<All>') and a 'Performed Between' date range selector.

- 3) Choose the "Laboratory Safety – SELF Inspection"
- 4) Click **Inspect**

The screenshot shows the 'Add New Self Inspection' form. The 'Inspection Date' is set to 05/08/2023. The 'Inspection Type' dropdown is set to 'Laboratory Safety- SELF Inspection', indicated by a red arrow. Under 'Inspected Groups', the 'General Services Building - 132' checkbox is checked. At the bottom, the 'Inspect' button is highlighted in a red box.
